Ronna

Thanks. Can we schedule something with Chairman Cardenas

**Subject:** RE: present at meeting

[Warning: External email]

Good morning – No problem whatsoever with the emails.

Apologies that we weren't clearer during our meeting. One of the main drivers for EPA's report is to inform CDPH as it considers the Health Impact Assessment (HIA) for the proposed RMG facility. This is a priority for the EPA Administrator, and we've been instructed to work in support of the city's efforts. As part of our regular meetings with CDPH on the HIA for the RMG facility, our air experts presented the draft air quality report, in a briefing similar to what we shared with you this week. We've also shared a draft with the city, with the intention that it will be helpful in the HIA process.

We welcome continued discussions with your office, and if there is interest, in also presenting the findings to Chairman Cardenas.

We expect that EPA will finalize the report in the next few weeks, at which point we will be able to distribute it widely. And we look forward to working with your office to present the report findings to the community.

All the best,

Ronna Beckmann

Ronna

Sorry to bombard your in box but I just thought of something else. I asked yesterday if I could be present when you present to the city. It would be also be a good idea if we had the Chairmen of the Enviromental committee there as well. Chairman Cardenas.

Please and Thank You
